

## CLUB COMMITTEE PROFILES

### *Sue Fletcher – Training Co-ordinator*

I have been involved with dog training for approximately 12 years I was an obedience training instructor at the German Shepherd Club and Ground Manager at the MacDonald ground in Padbury.

In 2002 I joined TrackWest initially tracklaying and generally helping out with my husband Neil and his dog Kobie. I saw that the dogs really enjoyed being out in the bush and that tracking brought out the dogs natural ability. It was also great meeting with like minded people training their dogs - I was hooked this was the sport for me.

In 2003 I started training my 8 week old puppy, Barney, (TCh Seigen Sonly Barney TSD.) He took to it straight away and now holds his Tracking Champion and Track and Search Dog titles.

In 2006 I became a tracking judge, and are a member of the DogsWest Tracking Committee.
